

**DSXC18
AIR CONDITIONER**

HIGH-EFFICIENCY

UP TO 18 SEER PERFORMANCE

ComfortNet™ Compatible

**Thank goodness
for Goodman.®**

At Goodman, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.

Goodman® is one of the biggest names in home cooling, heating and energy-efficient home comfort. That's because Goodman lives up to its name in a big way, with time-tested energy-efficient technology, highly-durable materials and spot-on manufacturing. So, no matter where you live or whether your home is small or large, Goodman probably has a solution to help keep your home comfortable.

Goodman will keep you cool as a cucumber.

The best air conditioner is the kind you don't have to think or worry about. It comes on the moment you need it and then runs quietly and efficiently all year long as needed. The Goodman DSXC18 is loaded with features designed to provide outstanding performance for years to come. We use advanced techniques and materials so you know the cozy, even temperature you feel in every corner of your home is an energy-efficient trend that's designed to stay for many years.

Don't let high utility bills make you lose your cool.

Our complete line of air conditioners are priced to help add comfort to your budget from a local independent Goodman dealer. And that's only the beginning. We want you to smile every time you open your utility bill, so we design energy-efficient technology into our units.

Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values, too. Goodman believes in the integrity of the American worker. That's why Goodman brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home year after year after year.

A LOT GOES INTO EVERY GOODMAN® BRAND DSXC18 AIR CONDITIONER

The art of precision

Copeland® Two-Stage Ultratech Scroll Compressor – Designed with fewer moving parts and consuming less energy compared to reciprocating compressors, the compressor uses chlorine-free R-410A refrigerant and will provide years of reliable cooling comfort.

ComfortNet™ Communicating System Compatible – Continuously monitors system performance and allows remote control of system as an option.

Goodman air conditioners simply work the way they're supposed to, making each one a thing of beauty.

High-Efficiency Two-Speed ECM Condensor Fan Motor – With advanced fan design, it provides dependable, quiet airflow across the condensing coil.

ComfortAlert™ Diagnostics – Advanced diagnostics constantly monitor your air conditioner system, reducing failures and pinpointing trouble spots for a fast fix.

Heavy-Gauge, Galvanized Steel Enclosure Cabinet – A louvered cabinet protects the coil, while its appliance-quality, post-paint, baked enamel finish protects your system from outdoor elements.

Factory-Installed In-Line Filter Drier – Protects the refrigerant system from dirt and moisture for longer service life compared to units without filter driers.

Quiet Operation – An acoustically engineered sound control blanket helps reduce noise levels compared to units without sound control blankets.

Thank goodness for Goodman.®

STAY CONNECTED WITH COMFORTNET™

Always in pursuit of the highest performance and

energy efficiency, our engineers are constantly evaluating the latest and most reliable technology and designing it into every Goodman brand air conditioner.

But best of all, your new air conditioner is compatible with the ComfortNet™ system of communicating control products. With a large assortment of built-in features, your contractor can easily monitor and review data from the system during maintenance or servicing needs. This allows for outstanding performance and accurate detection of any system-related issue.

SMARTCOIL™ TECHNOLOGY SMALLER IS SMARTER

Long ago the HVAC industry determined that the combination of copper tubing and aluminum fins provided the most efficient transfer of thermal heat available. Today, the Goodman brand has improved upon this industry standard by making the condenser coil copper tubing smaller and smarter. The result is a unit that can offer high efficiency, use less refrigerant, and deliver money-saving and energy saving comfort to you for years.

COUNT ON OUTSTANDING LIMITED WARRANTY* PROTECTION

10 YEAR **UNIT REPLACEMENT LIMITED WARRANTY***

LIFETIME COMPRESSOR LIMITED WARRANTY*

10 YEAR **PARTS LIMITED WARRANTY***

* Complete warranty details available from your local dealer or at www.goodmanmfg.com. To receive the 10-Year Unit Replacement Limited Warranty, Lifetime Compressor Limited Warranty (good for as long as you own your home) and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

When your current air conditioner breaks, it's good to know that your local, independent Goodman® brand contractor has financing options available to help defray what might be considered an emergency purchase for your home.

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet **ENERGY STAR®** criteria. Ask your contractor for details or visit www.energystar.gov.

PERFORMANCE

UP TO
18
SEER

"SEER" stands for Seasonal Energy-Efficiency Ratio, which is a measurement of a air conditioner's cooling efficiency developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs.

Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That's why all the time homeowners say,

"These guys are good – really good."

Why does Goodman® have such a large fan base?

Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn't have to cost a fortune. Goodman brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.

EXTENDED SERVICE PLANS AVAILABLE
